Director

29-05-2019

Dear All,

I am happy to inform that the Institute Technology Management Unit, ICAR-NBAIR in association with Society for Biocontrol Advancement, Bengaluru will be organizing a one-day ICAR-NBAIR-Industry Interface Meet on 26<sup>th</sup> June 2019 at Bengaluru.

The main objective is to showcase, promote and commercialize the biocontrol and biocontrol compatible technologies namely multiple insecticide and high temperature tolerant natural enemies like *Trichogramma chilonis* and *Chrysoperla zastrowi sillemi*, salinity and fungicide tolerant *Trichoderma harzianum*, abiotic stress tolerant *Pseudomonas*, *Bacillus megaterium*, liquid formulation of Bt, EPN, *Pochonia chlamydosporia* and control release dispenser/lures for mass trapping insect pests, Eugalure, Dorsalure, Repter for termites, sealer cum booster, nano platforms for pheromones to mass trap invasive pest *Spodoptera frugiperda*, waste to wealth technology using Black Soldier Fly, rearing technologies for potential macrobials and microbials - all developed at this Bureau. The NBAIR technologies are highly relevant to the industries, NGOs and other agripreneurs who are engaged in the production of various biocontrol agents and biopesticide formulations and other non chemical modes of pest management.

We request your participation in this interface meet where ICAR-NBAIR can put forth the technologies and you can provide your valuable inputs to further fine tune and take the technologies forward to the farming community. Those who are interested to participate can forward their application (attached) with a registration fee of Rs. 2000/-. The registration fee can be paid in advance through DD/online transfer in favor of the “**Society for Biocontrol Advancement, Bangalore**”. TA and DA are to borne by the participants or industries. Please confirm your participation to Dr. T. Venkatesan, Principal Scientist & Chairman, ITMU, NBAIR ([itmnbai@gmail.com](mailto:itmnbai@gmail.com)).

Regards

(Chandish R. Ballal)
