

Training on Citrus Rejuvenation to farmers of Mizoram

The citrus farmers of Mizoram were given a training on citrus rejuvenation on 28 March, 2015 at ICAR Research Complex for NEH region, Mizoram Center, Kolasib, Mizoram.

During the training Dr Abraham Verghese [Director, ICAR-National Bureau Of Agricultural Insect Resources] and Dr T N Shivananda [IIHR] demonstrated the sealer cum healer developed by NBAIR for citrus borer management and answered their doubts.
