

MGMG Program on “Balanced use of Fertilizers and Other inputs”

ICAR-NBAIR, Bengaluru organized a guest lecture on “Balanced use of Fertilizers and other inputs” by Dr. Vasundhara, Senior Scientist (Soil Science), ICAR-NBSS-LUP, Bengaluru (Regional Centre) to all ICAR-NBAIR Scientists and Technical Officers to disseminate updated knowledge to the farmers at Karnataka and Tamil Nadu. Dr. S.N. Sushil, Director, ICAR-NBAIR shared the importance of minimal use of fertilizers and necessity need to the farmers. Dr. Vasundhara delivered a guest lecture on this topic and presented the soil fertility, pH, EC, and importance of the major and minor nutrients for crop production. She also shared the importance of biofertilizers for the balanced use of fertilizers for crop production. Finally, Dr. A. Kandan, Nodal officer (MGMG), thanked the speaker for their valuable contribution to the success of this lecture under the MGMG program.
