

Report on MGMT Programme Conducted at Kuruburu Village, Chintamani Taluk, Chikaballapura District, Karnataka on 02-06-2026

The MGMT programme was successfully conducted on 2 June 2026 at Kuruburu Village, Chintamani Taluk, Chikaballapura District, in collaboration with the Krishi Vigyan Kendra, Chintamani. The programme focused on farmer awareness and demonstration of vermicompost, emphasizing soil health management through the balanced use of fertilizers and promotion of biofertilizers. A total of 40 farmers (27 men and 13 women) participated and showed keen interest in sustainable nutrient management practices. The major crops cultivated in the area include mango, grapes, mulberry, guava, tomato, cabbage, cauliflower, and sandalwood. The programme was coordinated by Dr. Ankita Gupta, Dr. Prabhulinga, Dr. Papireddy, and their team.
