| 02. | Institute name:          | ICAR-National Bureau of Agricultural Insect Resources (NBAIR), Bengaluru                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |
| 03. | Summary of the activity: | Collective action for voluntary Shramdaan, political leadership to lead the initiative and join from respective constituencies/site of their choice; Encouraging citizens to contribute one hour of voluntary Swachhata service; mobilization of participants at lakhs of sites across the country, following the tradition of previous years when crores of people voluntarily joined the cleanliness drive, call to action for citizen participation, fostering community involvement and collective responsibility for the nation's cleanliness. |
| 04. | Number of participants:  | Convenor: Dr. A. Kandan and Dr. B. S. Manjunath<br><br>Members: Dr. G. Sivakumar, Dr. M. Pratheepa, Dr. G. Mahendiran, Dr. M. Sampath Kumar, Dr. Raghavendra A, Ms. L. Lakshmi, Mr. R. Narayanappa, Mr. Ramakrishnaiah, Ms. Shefali Seth, Mr Yogesh Kaswan, Ms Sanjeevani Desai.                                                                                                                                                                                                                                                                    |
| 05. | Key outcomes             | More than hundreds of participants were voluntarily sensitized about cleanliness of our country and involved in the cleaning their own constituencies. In Chitradurga district of Karnataka, hundreds of volunteers assembled and executed for the cleaning of those particular areas. Participants understood the value of waste segregation and waste is wealth concept. The activity reinforced awareness of responsible cleanliness.                                                                                                            |
